

WEBSITE REGISTRATION CHECKLIST

Take your first step to becoming an NCAA student-athlete at eligibilitycenter.org.

Choose from our two account types to get started:

- 1. Certification Account:** You need to be certified by the NCAA Eligibility Center to compete at an NCAA Division I or II school. You also need to be registered with a Certification Account before you can make official visits or sign a National Letter of Intent in Division I or II.
- 2. Profile Page:** If you plan to compete at a Division III school or are currently unsure in which division you want to compete, create a Profile Page. If at any time you wish to pursue a Division I or II path, you will be able to transition to a Certification Account.

For Certification Accounts, please allow between 30 to 45 minutes to register completely. If you need to exit and come back at a later time, you can save and exit once your account or profile is created.

Reference the Help section located in the top task bar at any time to answer your questions as you work through registration.

If you want to play sports at an NCAA Division I or II school, start by registering with the NCAA Eligibility Center at eligibilitycenter.org during your sophomore year.

Core Courses

This simple formula will help you meet the Divisions I and II core-course requirement:

$$4 \times 4 = 16$$

- 4 English courses (one per year)
- + 4 math courses (one per year)
- + 4 science courses (one per year)
- + 4 social science courses (one per year)

16 NCAA CORE COURSES

Grade-Point Average

The NCAA Eligibility Center calculates your grade-point average (GPA) based on the grades you earn in NCAA-approved core courses. Visit eligibilitycenter.org for a full list of your high school's core courses.

Sliding Scale

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. If you have a low GPA, you need a higher test score to be eligible. Find more information about sliding scales at NCAA.org/playcollegesports.

Test Scores

You may take the ACT or SAT as many times as you want before you enroll full time in college, but remember to list the NCAA Eligibility Center (code 9999) as a score recipient whenever you take a test. We can accept official scores only from ACT or SAT, and we won't use the scores from your high school transcript. If you direct the ACT or SAT to send us your scores every time you take a test, we will choose the best scores from each test subject to create your sum score.
