NetSmartz® Workshop

NetSmartz® Workshop is an educational program that teaches children about online safety and digital citizenship.

- The program is designed for children ages 5-17, parents and guardians, educators and law enforcement
- Program materials engage children in discussions about online issues, such as cyberbullying, digital ethics, digital literacy, online privacy and sexting

NetSmartz is a program of the National Center for Missing & Exploited Children®.

NetSmartzKids®

Younger children learn how to identify online dangers and practice safer behaviors from animated characters—Clicky, Tera, Nettie and Webster.

NSTeens®

These resources teach tweens how to protect themselves online and encourage them to be active members of their digital communities.

Real-Life Stories

With these narratives, teens learn to recognize risky behaviors, evaluate their online choices and communicate with trusted adults and friends.

Resources

NetSmartz offers free, age-appropriate resources to help children learn how to protect themselves and their friends online.

- E-books
- Games
- Lesson plans
- Presentations
- Tip sheets
- Videos
- Webcomics
