### Introduction

This document presents the proposed school district budget for the 2022-2023 school year. Included is detailed information on budget expenditures, revenues, and fiscal comparisons to other school districts. Also provided is an overview of District academic performance supplied by the New York State Department of Education.

A school district budget is a financial plan created to support the operation of the school system and the delivery of the educational program. The Board of Education and school district administrators began the budget process in October 2021. Over the next several months, the preliminary budget was developed and refined in consultation with school principals, department supervisors, and staff. Then, public presentations were conducted at multiple Board meetings starting in February. After review of the budget was complete, the Board adopted the budget on April 13<sup>th</sup>. The annual budget vote will be held Tuesday, May 17, 2022.

Additional information and further budget details are located on the district website under the "Quick Links" entitled *District Budget Info*.

### Expenditures

The Board of Education approved a budget of \$98,575,342 for the 2022-2023 school year, which represents a 3.8% increase in expenditures from the current year's budget. Issues that received careful consideration include economic conditions (e.g. inflation), pupil transportation, and student support services to address heightened student social and emotional needs.

#### Instruction

By far the largest portion of the budget is the functional area of Instruction. This includes all the areas that are traditionally associated with student instruction and oversight, including teachers, principals, guidance counselors, nurses, librarians, psychologists, etc. Overall, the area of Instruction is up by 4.1%.

Classroom instruction, not including special education instruction, is increasing by 4.7%. This is mainly due to additional staff being added to support the International Baccalaureate Implementation at the Middle School and academic support positions at the Elementary Schools.

The budget for the special education program, which serves students with disabilities will increase approximately \$572,375 or 5.1% which is mainly due to increased costs for out of district enrollment of students with high needs and new classes for students with disabilities in grades 6 -12.

#### Information Technology

The area of the budget receiving the largest percentage increase is Information Technology. This is due to network security upgrades and student Chromebook replacements. Inflation is especially impacting this part of budget with price increases for some equipment and devices exceeding 10%. IT network and infrastructure costs are up \$163,069 or 13.1%.

### Pupil Transportation

The nationwide problem of finding sufficient bus drivers has also significantly affected the District. Emphasis is being placed on driver retention and increased recruitments efforts. Inflation is also impacting fuel costs and part supplies, but the overall pupil transportation budget is increasing by 2.8% which is less than current and projected inflation.

### Employee Benefits

The largest portion of employee benefits is represented by medical insurance. While medical insurance is increasing by 4.8%, overall employee benefits are increasing by 3.5% due to a decrease in state retirement system contributions.

### Debt Service

Debt service is increasing \$359,000 due to borrowing for the current ongoing Capital Project that was approved by voters in 2018. This is offset by an increase in building aid.

A detailed listing of budgeted expenditures is presented starting on page 10 of this document.

## **Revenues**

The two main sources of revenue for the District are state aid and property taxes. These two sources account for approximately 91% of all revenue. The remaining 9% is made up of interest earnings, PILOT payments, federal aid, facility usage fees, reserves, fund balance and other miscellaneous items.

### State Aid

Under the NY State budget approved in April, the District is estimated to receive a 10.0% increase in state aid compared to last year. For the second year in a row, the District is receiving a significant increase (11.1%) in Foundation Aid. Foundation

Aid is by far the largest component of state aid and the formulas used to calculate Foundation Aid have been frozen or near frozen for almost a decade. The State has publicized a new payment schedule that would bring the District up to the calculated levels in three years. Whether this happens will depend on funding allocated in future years in the State budget.

In addition to Foundation Aid, the District receives a variety of aid from the state, including expense-based aids such as Transportation Aid, BOCES Aid, Building Aid, and High Cost Aid. Expense-based aids reimburse the District for a percentage of the expenses associated with certain operations.

Expense-based aids are expected to increase \$790,332, or 8.2% for the upcoming year. Most of that increase (\$541,683) is due to an increase in building aid for FY2023.

Finally, the District also receives aid in the form of categorical aids, which are dedicated to expenses such as Textbook Aid, Library Materials Aid, Software Aid and Computer Hardware Aid. Categorical aids are meant to subsidize the purchase of certain items deemed to be essential to ensure all school districts are expending a specific minimum amount. These aids are projected to decrease slightly from current levels.

State Aid	FY2022	FY2023	\$ Chg	% Chg
Foundation	\$20,418,022	\$22,682,867	\$2,264,845	11.1%
BOCES	\$1,956,108	\$1,971,300	\$15,192	0.8%
Excess Cost	\$888,956	\$935,630	\$46,674	5.3%
Categorical	\$397,552	\$394,167	-\$3,385	-0.9%
Transportation	\$3,896,537	\$4,083,320	\$186,783	4.8%
Building	\$2,951,876	\$3,493,559	\$541,683	18.4%
<b>Total</b>	<b>\$30,509,051</b>	<b>\$33,560,843</b>	<b>\$3,051,792</b>	<b>10.0%</b>

### Other Revenues

#### *PILOT Payments:*

Another important area of revenue for the District is Payment In Lieu Of Taxes (PILOTs). The payment coming to the District from the Global Foundries facility in Malta will decrease by approximately \$550,000. The exact amount of the payment will not be known until the tax rates are set in August, but should be approximately \$4,900,000.

The valuation of the plant's annual assessments, as per the PILOT agreement, are decreasing and will continue to decrease over the next decade. As the PILOT payments from the plant continue to decrease, this will have a significant negative impact on the District's revenues.

### *Reserves and Fund Balance:*

For fiscal 2023, \$200,000 of General Fund reserves will be dedicated to the upcoming year, and \$500,000 from the Debt Service fund will also be committed.

For assigned fund balance, the Board has directed that \$1,000,000 of unassigned fund balance be used to offset the levy increase. That amount is the same as fiscal 2022.

### *Miscellaneous:*

Miscellaneous revenue items include fees for facility use, federal aid, tuition receipts and interest earnings. Tuitions paid by other districts is one of the larger components of these revenues, and is decreasing for FY2023 due to lower enrollment of students from other districts at Ballston Spa. Federal aid in the form of Medicaid reimbursement payments is expected to stay at current levels. When combined, these two items are projected to produce \$1,100,000 in revenue.

### Property Taxes

The tax levy as proposed is set to increase by 2.5%. This is significantly less than the increase allowed by the property tax cap formula which is 4.6%.

The tax cap calculation takes into account multiple factors including general inflation (CPI capped at 2.00%), growth in a school district's tax base (1.51% this year for Ballston Spa), changes in PILOT payments and changes to debt service. The addition and compounding of these changes results in the 4.6% cap.

The District's proposed levy is \$1,173,319 less than what is allowed under that cap.

Year	Allowable Levy	Actual Levy	Allowable but Unlevied
<b>2017-18</b>	5.6%	2.9%	\$1,275,294
<b>2018-19</b>	6.9%	2.7%	\$2,030,758
<b>2019-20</b>	4.9%	3.3%	\$825,962
<b>2020-21</b>	6.7%	3.5%	\$1,661,371
<b>2021-22</b>	4.3%	1.5%	\$1,259,420
<b>2022-23</b>	4.6%	2.5%	\$1,173,319

### Federal Stimulus Funding

Significant funding has been provided by the Federal government in the form of one-time grants. From the federally funded America Rescue Plan Act the District will receive a \$3.4 million base grant and an additional \$700,000 learning loss

grant, the total of which must be spent over the course of three years. In addition the District is to receive another \$3.9 million from the Coronavirus Response and Relief Supplemental Appropriation (CRRSA). Plans on how the District intends to use these funds are posted on the District's website.

It is important to note that the funding is a one-time revenue source and must be managed carefully so that a "funding cliff" is not created by incurring repeating expenses that cannot be absorbed into the annual operation budget.

### Financial Planning

Going into the new school year, inflation is a major concern as it impacts both what the District purchases and salary expectations. Inflation is an immediate concern for IT equipment such as computers and transportation fuel costs. The District is prepared to scale back or freeze certain expenses to offset the impact of inflation, especially if it continues to increase.

On a more positive note, the District continues to see growth in the tax base from new construction, and has one of the highest Tax Base Growth Factors in the region. This growth has not resulted in an increased student population but rather is keeping District approximately level or with a slightly decreasing student population. This compares to significant decreases in population in many districts in the region and upstate NY.

The Board of Education sees state aid and payments in lieu of taxes (PILOT) as key issues affecting the District's financial condition. In regard to the Global Foundries PILOT, taxable value of the plant continues to decrease by approximately \$43,375,000 per year, which is causing PILOT payment decreases of approximately \$500,000 to \$600,000 per year. Further development by Global Foundries and other companies in the industrial park is under discussion and could be a significant factor in the District's long term financial health. Federal legislation meant to incentivize chip plant construction in the U.S. is pending and would likely positively influence a decision by Global Foundries to add additional production space. Any such construction would fall under current PILOT and would benefit the District.

### **Other Expenditures: Propositions**

In addition to the District's general fund budget which is Proposition 1 in the amount of \$98,575,342, separate propositions will be presented for voter consideration as follows:

#### **Proposition 2:**

Proposition 2 is for the purchase of school buses and vehicles, enabling the District to spend up to \$920,000 to fund the 10-year bus replacement plan. The cost of the buses is offset by a reimbursement rate of approximately 65% from the State in the form of Transportation Aid.

This proposition will not have a tax impact in 2022-23 because the first debt service payment will be due in 2023-2024. This proposition includes the purchase of eight school buses and one vehicle for the Maintenance Department.

The District has over 80 buses that travel approximately 900,000 miles per year. By replacing 8 or 9 buses per year the fleet is turned over every 10 years. The advantages of steadily replacing buses are many and include lower maintenance costs and the need for fewer spare buses to be kept in the fleet. Also, newer buses have increased fuel efficiency and improved safety features.

The NYS Department of Transportation strictly inspects buses twice per year and buses failing inspection can be out of service for several weeks until repairs are made and follow-up inspections can be completed. The older the average age of the fleet means more issues with maintenance and inspections.

#### **Proposition 3:**

Proposition 3 represents a contribution on the part of District taxpayers of \$60,885 toward the expense of maintaining and operating the Ballston Spa Public Library.

Under state law, the District acts as a conduit to collect the sum and remit the funds directly to the library.

The exact language of the propositions is shown on the following page.

## Propositions to be Voted

---

### School District Budget

---

**Proposition 1:** Shall it be resolved, that the Board of Education of the Ballston Spa Central School District be authorized to expend the sum set forth in its estimate of expenditures for the 2022-2023 school year in the amount of \$98,575,342 and to levy the necessary taxes therefore?

### School District Buses and Vehicles

---

**Proposition 2:** Shall it be resolved, that the Board of Education of the Ballston Spa Central School District be authorized to (1) purchase various school buses and vehicles, at a maximum cost of \$920,000, (2) expend such sum for such purpose, (3) levy the necessary tax therefore, to be levied and collected in annual installments in such years and in such amounts as may be determined by the Board of Education in accordance with Section 416 of the Education Law, and (4) in anticipation of the collection of such tax, issue bonds and notes of the District at one time or from time to time in the principal amount not to exceed \$920,000 and levy a tax to pay the interest and principal on said obligations when due?

### Ballston Spa Public Library

---

**Proposition 3:** Shall it be resolved, that an annual appropriation of \$60,885, separate and apart from the Ballston Spa Central School District annual school district budget, be approved to support and maintain the Ballston Spa Public Library, which sum shall be raised annually by a tax upon the taxable property of the school district, and which appropriation shall be the annual appropriation for the library until changed by further vote of the electors of the school district, and such tax shall be levied and collected yearly as are other general taxes and paid over to the Library Trustees?

## Proposed 2022-2023 General Fund Budget: Three-Part Format Detail

Starting on the next page is the entire budget presented in three-parts in accordance with section 170.8 of the regulations of the Commissioner of Education. It separates the budget into the following three categories, which include all the costs associated with that category, including employee benefits:

### Administrative

This category groups the expenses associated with central administrative services (i.e. Board of Education, Superintendent, Business Office, legal, etc.) with the expenses of school building administration, and supervisors who spend the majority of their time in administrative or supervisory roles.

### Program

This category includes teaching supplies, materials, and equipment and the expenses associated with teaching faculty and instructional support staff who spend the majority of their time teaching or working directly with students. Also included in this category are the costs associated with pupil transportation and programs for students with disabilities.

### Capital

This category consist of the costs associated with the operation of the district's facilities including cleaning, maintenance, and utilities. It also contains the district's costs for debt service, transfers to other funds, and tax certiorari proceedings.

### Report View One: How Much is Being Spent on Instruction and Administration?

For traditional school districts, school level data (entries A through D) represent the average per pupil school level expenditures for all schools in the district. For charter schools, these entries reflect school level expenditures for the particular charter school only. Entries E through H reflect central expenditures.

Total spending (entry I) represents all non-excluded per pupil expenditures. For traditional school districts, this represents the average per pupil expenditures of all schools in the district. For charter schools, this represents per pupil school level expenditures.

Report View One Per Pupil Expenditure Categories	BALLSTON SPA CSD
A. Instruction (A1 + A2 + A3 + A4)	\$11,271.37
B. Administration (B1 + B2 + B3)	\$690.04

### Report View Two: How are the Local/State and Federal Funds Spent?

Report View Two presents the same expenditures reported in View One, but disaggregates that spending by local/state/federal/other revenue source.

For traditional school districts, school level data (entries J and K) represent the average per pupil school level expenditures for all schools in the district. For charter schools, these entries reflect school level expenditures for the charter school. Entries L and M reflect central expenditures.

## Appendix A

Total spending (entry N) represents all non-excluded per pupil expenditures. For traditional school districts, this represents the average per pupil expenditures of all schools in the district. For charter schools, this represents per pupil school level expenditures.

### Detailed Spending: How Much is Spent Per Pupil in Selected Program Areas?

Program Area Details in entries O through Z represent subsets of spending in Report View One and Report View Two. Five program areas are broken out. To calculate per pupil expenditures P-12 enrollment is used for pupil services, community schools programs, and BOCES services. Enrollments for the program areas are used for special education, ELL services, and prekindergarten.

Entries O through T represent school level expenditures. For charter schools, data represents per pupil expenditures in each of category in the selected school. For traditional school districts, data under the district column represent the district average of all schools in each of these categories.

Entries U through Z represent central expenditures.

### Administrative Staff Compensation 2022-2023 School Year

---

Chapter 474 of the Laws of 1996 includes a provision for the publication of the Superintendent and Administrator salaries as part of the annual school district budget process. Salaries, benefits and other in-kind compensation are required for all Superintendents. In addition, other administrators or supervisors whose annual salary is in excess of \$150,000 must have their salary and position title disclosed in the budget document. If some contracts associated with individual employees are not finalized, the salary amounts include estimated increases.

#### **Superintendent of Schools**

Annual Salary	\$222,049
Annualized Cost of Benefits	\$ 62,236

#### **Assistant Superintendent for Business & Support Services**

Annual Salary	\$181,267
Annualized Cost of Benefits	\$ 54,244

**Note:** The annualized cost of benefits includes required employer contributions to social security and Medicaid, and other benefits such as health insurance, dental insurance, life insurance and retirement contributions. The cost of benefits will vary depending which plans, if any, an employee enrolls in and on whether enrollment is for family, two-person, or individual coverage.

**NYS School Report Card**

## BALLSTON SPA CSD - NEW YORK STATE REPORT CARD [2020 - 21]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

Due to COVID-19 and changes to New York State testing, accountability, and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year. For informational purposes, accountability graduation rates and chronic absenteeism data are reported. August 2020, January 2021, and some June 2021 Regents examinations were canceled. For more information, please see the NYSED Waiver Memorandum and NYS Board of Regents Announcement.

### 2021-22 ACCOUNTABILITY STATUS

---

Due to COVID-19 and changes to New York State accountability and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year.

## BALLSTON SPA CSD GRADES 3-8 MATHEMATICS ASSESSMENT DATA

The grades 3-8 English Language Arts (ELA) and mathematics assessments measure the higher learning standards that were adopted by the State Board of Regents in 2010, which more accurately reflect students' progress toward college and career readiness. Data available on this site are based on those reported by schools and districts to the State as of August 13, 2021 via the Student Information Repository System (SIRS). The New York State School Report Card 3-8 English Language Arts (ELA) and mathematics assessment data will be based on those data reported as of the final school year reporting deadline.

Due to the extraordinary circumstances related to the pandemic, approximately 4 out of 10 enrolled students participated in state assessments in 2020-21. Because only 40% of students' results are available, state assessments **are not representative** of the state's student population and the results **should not be compared** statewide or by statewide subgroup, or with prior year's results and are not reflected below.

District and school level performance data, as well as the number and percentage of students who tested and did not test, are available for 2020-21. **However**, depending on the percentage of students that took the tests in a given school or district, the school and district's results **may not be representative** of that school or district's student population.

## BALLSTON SPA CSD GRADES 3-8 ELA ASSESSMENT DATA

The grades 3-8 English Language Arts (ELA) and mathematics assessments measure the higher learning standards that were adopted by the State Board of Regents in 2010, which more accurately reflect students' progress toward college and career readiness. Data available on this site are based on those reported by schools and districts to the State as of August 13, 2021 via the Student Information Repository System (SIRS). The New York State School Report Card 3-8 English Language Arts (ELA) and mathematics assessment data will be based on those data reported as of the final school year reporting deadline.

Due to the extraordinary circumstances related to the pandemic, approximately 4 out of 10 enrolled students participated in state assessments in 2020-21. Because only 40% of students' results are available, state assessments are **not representative** of the state's student population and the results **should not be compared** statewide or by statewide subgroup, or with prior year's results and are not reflected below.

District and school level performance data, as well as the number and percentage of students who tested and did not test, are available for 2020-21. **However**, depending on the percentage of students that took the tests in a given school or district, the school and district's results **may not be representative** of that school or district's student population.
