internet, Honor has to come to terms with her fame, her friends, and her family. Also available in print!

Mindful Moments in the Library

As a reminder, we are using calm.com to offer a brief meditation and/or stretch (5-10 minutes) at the beginning of block 1 at 7:35am every Friday. Students should come from class or study hall with a pass to the library that specifically states they are coming for a mindful moment. We can also accommodate class

sign-ups from teachers at different dates and times if you desire and schedule it in advance. Just email me and we can set it up! We have 27 yoga mats and 30 yoga blocks, so we will cap our participation at 27. Everyone participating will be asked to scan a QR code and take an extremely short survey at the end. Can't wait to see you all there!

New! New! New!

We have so many new books coming into the library on a regular basis. This month we got a large shipment of fiction books and graphic novels from Follett Looking for something we don't have? Fill out the resources request form below (or on the library website) and let us know!

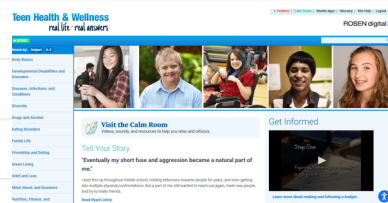

Makerspace for January

We have set up a Lunar New Year themed and intention setting Makerspace for the month of January. Stop in to create a dragon corner bookmark or create an intention flower! We also have left our button pin maker out as a continuing Makerspace since it has been so popular. All supplies are provided!

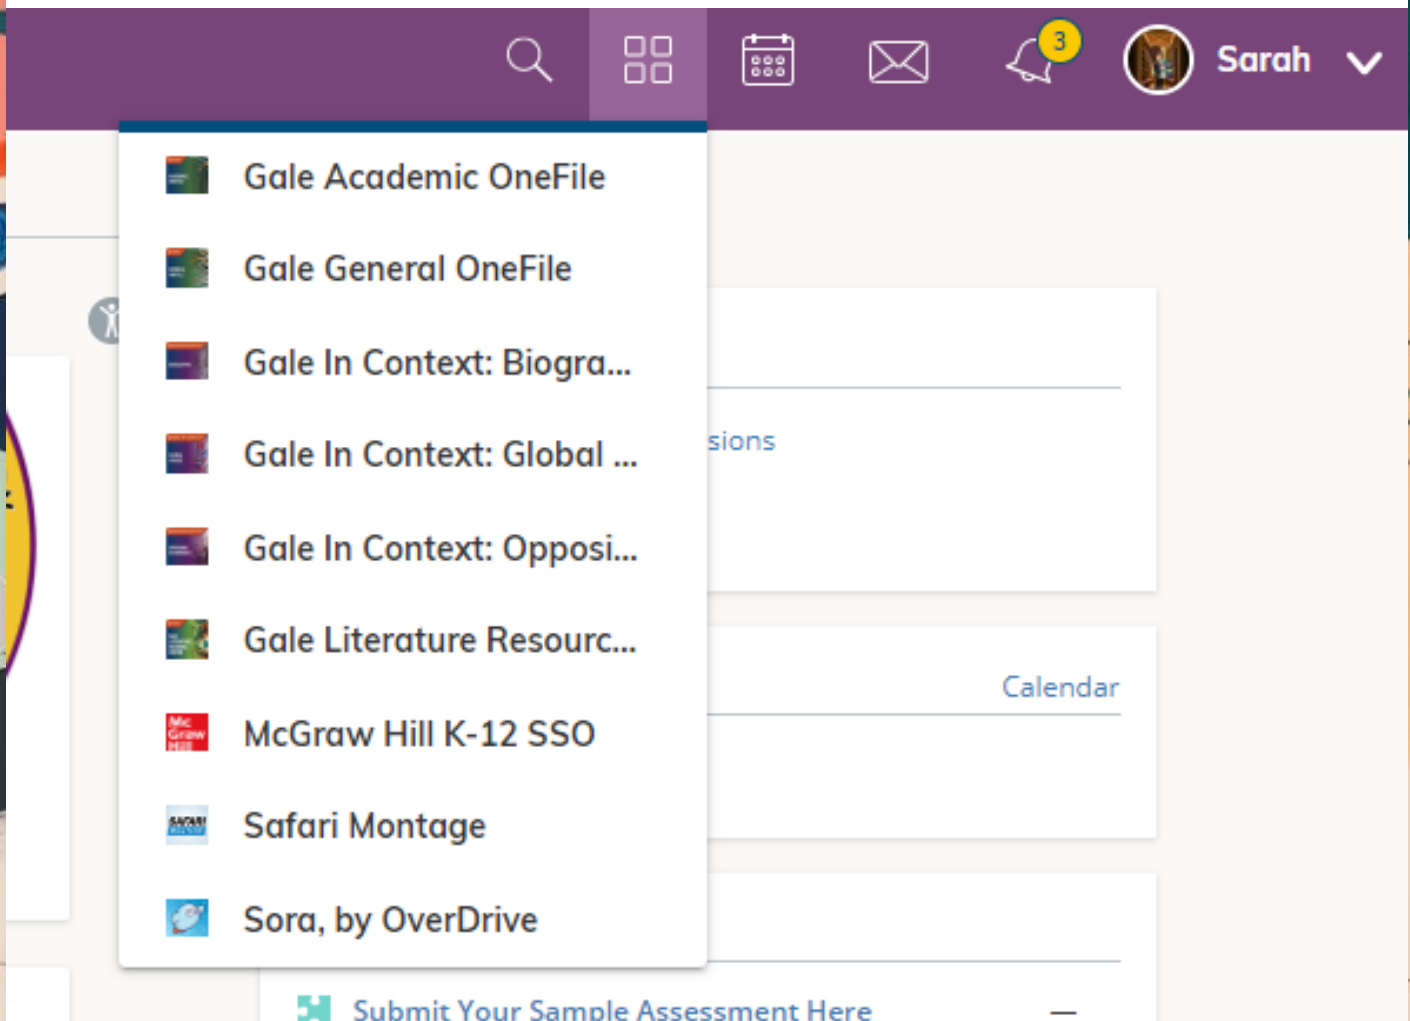

Database of the Month

Teen Health and Wellness is an online database of content to support information on young adults concerns in areas like nutrition, mental health, guidance, and counseling. My favorite part of this resource is the "Calm Room," which has visual relaxations, nature and animal live cams, mindfulness and meditation resources, and other resources and apps. You can find this database on [Library.fyi](https://library.fyi) under "Health and Science." Check it out!

Did You Know?

Sora and many of our Gale databases now integrate with Schoology. This allows teachers and students to search the Sora catalog and the databases without having to sign in using [Library.fyi](#). In order to access these resources, go to the Schoology "waffle" in the upper right hand corner next to the search and select what resource you want to use. If there is a Gale database you use regularly that you would like added, please let me know and I will have it included.

Collaboration Corner

Last month, Mr. Hornick's Government classes worked on a public policy project using library databases and NoodleTools to create a presentation. If you want your class to get these lessons, reach out so we can schedule!

We had many other exciting projects this month as well! Contact me if you need me to pull resources, want me to teach a lesson, are interested in some book talks, or if you want to collaborate on a multi-class project! There is nothing too big or too small.
