

<b>8150</b>	<b>Test Security and Integrity</b>
-------------	------------------------------------

The Board of Education shall take every precaution to assure that all tests administered within the District shall be conducted in the utmost professional manner. All testing, proctoring and scoring will follow state and local guidelines for testing integrity.

The Superintendent or his or her designee shall develop administrative procedures that dictate specific measures, protocols and staff training. Any anomalies will be investigated and reported as required by New York State Education Department.

*Part 83 and Education Law §3020-a.*

Adoption Date: 07/10/2019
